Education

Iowa State University – Ames, IA AUG 2017 - PRESENT

- Bachelor of science in Computer Science GPA: 3.35/4.00
- **Activities:** Iowa State Robotics Club, Web Development club

Experience

Teaching Assistant AUG 2018 – PRESENT
Iowa State University Department of Computer Science – Ames, IA

- Assist in delivering the introduction to data structures (COM S 228) class
- Work with other teaching assistants to create JUnit tests for grading student projects
- Organize weekly recitations to further explain materials discussed in class
- Hold weekly office hours to assist students with projects and to explain algorithms and data structures

Research Assistant AUG 2018 – PRESENT
Laboratory for Software Design, Iowa State University – Ames, IA

- Collaborate with other research assistants to improve the functionality of a new programming language called Boa
- Implement an additional feature to improve the visualization of query results

Web chair JAN 2018 – PRESENT
Iowa State University Robotics Club – Ames, IA

- Design and develop a new functional website for the club
- Update and maintain content on the club website
- Manually test webpages across multiple browsers to ensure cross-browser compatibility and responsiveness

Web developer MAY 2018 – AUG 2018
Iowa State Engineering Outreach Programs – Ames, IA

- Designed page mock-ups and visuals for a new website with Adobe XD
- Carried out quality assurance to discover errors and enhance website usability

Projects

Robotics club website: Created a new website for the robotics club
World carbon emissions: An interactive web visualization project that analyzes the amount of carbon emitted by different countries
GPA Calculator: A basic GPA calculator created to assist students with estimating their GPA

Skills

Technical skills: Java, Python, C/C++, Xamarin
Web & design: HTML, CSS/SASS, JavaScript, Jekyll, Adobe XD, Adobe Photoshop
Interests: Data Visualization, Web Development, Machine Learning
